

# Lundia Commercial.

## Lundia is specified for business of all sizes.

What separates our Commercial offer from our Office offer, is scale. Our Commercial capacity allows us to manufacture, source and supply products for extensive fitout and refurbishment projects. We work extensively with you or your architects from planning to completion. These sheets show some of our commercial applications, as an indication of our offer. For more concise information, please consult our website and our specifiers library.

Lundia Mobile Storage systems have a reputation which sees them in use, in many of the world's biggest businesses.
